Using a comfortable interactive format, we'll cover:

- Vision and budget: Creating a clear vision of what you need funding for and how much you need
- Finding funders: Thinking creatively about your pool of potential funders
- Grant writing: Responding to your funder's priorities, grabbing their interest and showing your competence
- Event planning: Using special/community events and making use of public/private partnerships
- Marketing: Using marketing as a fundraising tool
- Building and nurturing relationships: Developing powerful relationships that are the secret ingredient in fundraising success

Neighborhood Advisory Boards (NABs)

Neighborhood Advisory Boards (NABs) identify the service needs of their communities, to help guide the City in its allocation of federal **Community Services Block Grant (CSBG)** funding to support community-based human service programs to alleviate poverty. NABs consist of local residents appointed by the **NYC Department of Youth and Community Development (DYCD)** and elected officials.

To become a member of your local board, and for additional information about DYCD Neighborhood Advisory Boards call 212-442-5880, or go to: www.nyc.gov/dycd.
